July 25, 1980

Mr. Phil Olson
United Illuminating Co.
80 Temple Street
New Haven, CT 06506

Dear Phil:

Attached is our newly completed Material Safety Data Sheet for ECO-FUEL II®. The information and statements on this sheet are based on an extensive laboratory testing program specifically designed to evaluate the safety and health aspects of handling and using ECO-FUEL II.

The information provided is intended to be sufficient for a user of ECO-FUEL II® to implement safe and practical operating procedures as well as protective measures.

Please contact me if you have any questions concerning this new document.

Sincerely,

Phillip G. Rasch
Manager of Safety
Facilities Management Division
